   Terry’s draft highway report was reviewed page by page. Priscilla would contact Sharon Jackson, Treasurer; after getting permission from Bob W.   **Terry will look into garden debris.**
   The group discussed the “bottom line” for the executive summary. Suggestions were, workload reevaluated, realize there is more work than can be accomplished, formal planning with documentation for management of functions, and computerized scheduling. Christine commented that Edgartown and Tisbury have similar budgets and are about the same size as OB but we (OB) have more functions to accomplish. Kathy suggested the need for a comprehensive road maintenance plan, advocate for a shared streets plan and better maintenance of public restrooms. Also discussed was the “coming attractions” for the town that will impact the Highway Dept. They are North Bluff Boardwalk, fishing pier and fuel dock.
   **Christine will email Terry a MVC refuse and solid waste study and the number of housing units for OB.**
   Terry recommended the OB Highway Dept. refer to Provincetown paving maintenance program as possible model for Oak Bluffs.
