

Links to residential exemption individual town web pages and documents. If the link is cross-struck it is a pdf and will be sent attached to an email. The link still works if you want to access the document this way. I've highlighted Provincetown as I think the video is interesting and they cover their recent home rule petition to include year round rentals in the exemption.

**Boston** (Note Boston has a home rule law that changes some aspects of the residential exemption)
