To: Oak Bluffs Planning Board <planningboard@oakbluffsma.gov>

Chairman Hopkins,

I am formally requesting to see the emails between you and the MVC regarding the MVRHS application. I would like to see your emails from when the district submitted it's email to self refer and your subsequent emails to the MVC about that self refer.

Joe Mikos

President MV Youth Lacrosse

**TOWN OF OAK BLUFFS, MA
PLANNING BOARD**

Subject: Fwd: MVRHS - DRI Self-Referral
Attachments: HAI-MVRHS-DRI-Referral 020720.pdf

Dear Mr. Turner,

Once an application has been submitted and accepted by the town of Oak Bluffs, a self-referral is only allowed if the town of Oak Bluffs agrees to first release the current application under review. Otherwise it becomes an issue of dual jurisdiction.

I respectfully ask that you do not accept the request as stated below.

If you elect to do so, I expect to receive an explanation with legal reference to applicable sections of Chapter 831 allowing you such authority.

Ewell Hopkins

Subject: MVRHS - DRI Self-Referral

Adam, On behalf of the Martha's Vineyard Regional High School, please accept the attached notice of self-referral with regard to the MVC's review of the amended DRI application #352. A complete submission, including DRI application, plans and supporting materials was provided under separate cover to your office on Monday January 27, 2020. The MVRHS has also submitted an application for Site Plan Review to the Oak Bluff's Planning Board. As you and I discussed, this self-referral in no way limits the ability of the OB Planning Board to provide input and comment to your process.

Thank you for your time and consideration. Please let me know if you have any questions or require any additional information to begin your review.

Chris

Follow Up Flag: Flag for follow up
Flag Status: Flagged

Dear Board, as I am away for the next two meetings, I would ask you all to consider waiting until our first meeting in March for scheduling the athletic fields first hearing.
If this is not possible then I recommend we send the application directly to the MVC
