Massachusetts State Building Code (780 CMR)

## Building Permit Application

to Construct, Repair, Renovate or Demolish a Building

Other than a One- or Two-Family Dwelling

---

### Requirements for Building Permits

Permit requirements are specified in Chapter 1 of the MA State Building Code. Applicants should review the requirements to avoid common problems. The standard form below incorporates the code requirements and is provided for use by municipalities to achieve permit consistency across the State. Municipalities may use a variant of this form but it must contain at least the same information. Please contact the municipality where the work will be done for the proper form or follow the instructions below if this standard form is acceptable.

### Filing Instructions

- Complete the application. The application is available in Word or PDF format so check to see what is acceptable to the local building official.
- Include construction documents, specifications, and other materials required.
- Check if the local municipality requires confirmation that property taxes, water fees, etc. are not outstanding.
- Also, check if the local building official requires construction control forms (see section 107 in the building code) with this application.
- Submit the application package with a check made payable to the municipality for the fee as determined by the municipality.
