If there's a place where I can place my support or send a letter, I'm all in.
If I can put my name & letter in a few different places, I will gladly.

Dear Streetscape Commission,

I could not be more excited to enthusiastically throw my support behind the proposed streetscape plan. Oak Bluffs is a walking and biking community and the businesses are supported by tourists who visit the island with that community in mind. Many of these visitors don't even bring cars to the Island. Modern travelers are looking for safe places to walk with their families, dine, and enjoy all that Oak Bluffs has to offer, these travelers are not motivated by more parking spaces. We commend the town in its efforts to respond to the needs of the community and visitors to the community. At Seaweed's we are hoping that this streetscape plan is the first step in making downtown Oak Bluffs car-free.

Please let me know if you have any questions,

Hello!

This is Erin from Basics. I'm trying to take the pulse and possibly drum up a little support for the Streetscape project. Have a second for a phone chat?
