To: Oak Bluffs Planning Board <planningboard@oakbluffsma.gov>

Dear Oak Bluffs Planning Board,

I would like to express my support of creating larger sidewalks on Circuit Ave. I own two businesses in Oak Bluffs and spend a large portion my day on Circuit Ave in the summer months.

I have witnesses many near misses with cars and pedestrians. I've seen parents pushing carriages in the road because there is not enough room on the sidewalk. I feel the wider

Sidewalks will make our town ADA accessible and create a much more safe experience for our summer visitors and year round residents
