Thanks Kim! Happy I checked. I think the email was misspelled. Here's Martha's. I'll follow with Alison & Sue's.

To The Planning Board,

As someone who lives in the Arts District and fully support the Dillon Project!  
The plans are beautiful!  
It would so enhance, improve and be a great addition to our neighborhood.

We need to make it easier for young families who want to raise their kids and create sustainable businesses in our town! Not destroy their hopes and dreams by making achieving that dream so difficult and unattainable!

Please allow this wonderful project to go forth and continue their vision, hope and love of Oak Bluffs and our Island!

Martha Adleman
